To whom it may concern,

I am privileged to extend an invitation for Sumit Pradip Kolape to attend Hack Kosice on 6−7 April 2024 at Kunsthalle in Košice, Slovakia. Hack Kosice is the biggest international student hackathon in Slovakia. This is a very prestigious event, where attendees are hand-picked from a large pool of applicants to learn, brainstorm and build prototypes of technologically new and exciting ideas in 24 hours.

This letter is to provide support for Sumit Pradip Kolape, with passport number B7656540 from India which was issued on 08/11/2023 and expires on 07/11/2033, to attend our event. The attendee will arrive in Slovakia on 03/04/2024 and will leave on 13/04/2024. Please grant an appropriate visa for this purpose.

We will provide accommodation and food for the duration of the event and will supply a nominal subsidy to travel costs, but attendees take full financial responsibility for remaining travel costs and any other expenses outside of the event.
